Duo Good work carefully thought out, knowledge not sufficiently exact. 115

Phys A good paper, shows much common sense & practical wisdom, but the subject requires more definite study. 115.

Ed A good practical paper but short, some particularly good plans, as - the child & the mindless boy 110

Nat A good paper, shows intelligent interest but is defective as regards knowledge. 118.

Good & intelligent papers but they do not show enough definite study, but this is accounted for by the circumstances indicated.
